Invitation to participate in the questionnaire "Healthy Working"

Dear colleagues,

thank you for taking time to answer our questions on "Healthy Working".

It is thanks to your skills and commitment that our university is the excellent place for teaching, research and knowledge transfer that it is today. You spend a lot of your time at Kiel University and invest energy and love in your work every day. Thank you very much for this!

It is our responsibility as University Board to design the framework conditions for working here in such a way that you can best develop your skills and ideas. This includes an environment that enables "healthy working".

We ask our questions in order to be able to objectively estimate how you perceive your working conditions and level of satisfaction at Kiel University, we hereby invite you to take part in the "Healthy Working" questionnaire, which is, of course, anonymous and voluntary.

Please send the completed questionnaire in the attached envelope to the university post service, where it will be stamped.

We look forward to your honest feedback.
